

# College Visitation Day Application

The purpose of a college visitation day is to give a student the opportunity to visit a college campus that he/she may be interested in attending after graduation. It is not a vacation day, and we expect students to learn and benefit from the visitation. Students are allowed two visitation days, which can be used during the junior and senior years.

Students must apply for a college visitation day at least 3 days prior to the desired date of visitation. It is the student's responsibility to get each teacher's signature and assignments before submitting a college day application.

A scheduled meeting with an admissions counselor or school representative must be made prior to the day of visitation. The school counselor is available to assist with making these arrangements. A confirmation form must be signed by the college counselor or representative and submitted the next school day.
